

Terms of Reference:

An inventory of cold war weapons at the disposal of the US.

This is visualized as including a check list of all US means---
political,economic,military and psychological;a summary of the
means other than conventional by which they might be employed;
and an indication of the relative importance of such means from the
standpoint of their capabilities,and the economy(feasibility)
of so using them.

Purpose: To assist an intelligence/^{panel}and an analysis panel in an assessment of the
vulnerabilities of the USSR and its satellites to the application by the US
of its cold war weapons on the basis of existing studies.

Group Task: (Inventory)

- a. Prepare a list of means
- b. Prepare a list of Department contacts for expansion and verification
of the list. Identify the policy planning office for each department.
- c. Prepare a descriptive or analytical statement of operationally
feasible means of employing them or filling gaps in their employment.

(Intelligence)

How intelligence resources can be brought to bear.

(Analysis)

NSC papers ,plans compared to relevant NCC papers.
